Re: Corruption

**Dear Mr. Slusser,**

I am in receipt of your January 29, 2010 letter informing me that, "I am writing to you specifically with regard to the Court Order dated November 24, 2009."

Ignoring the context of the many letters submitted to your office while only discussing the obvious is part of the corruption that has caused by family to suffer for seven years.

I have been fighting an uphill battle while knee deep in corruption for seven years and I can no longer continue. The check for January will be in the MBSA mail slot on January 31, 2010.

This date marks the seventh year anniversary of the destruction of my home and family by the MBSA.

The court order will be followed to the letter and all future payments will be on time. I will also destroy the evidence that links your client to the undocumented blasting and subsequent property damage as you have instructed.

What gets me through the day is the hope that someday we will meet in court with competent representation and I will retrieve my \$3,434.75 with interest.

Sincerely,

Steven Dreyer

Enclosure
